Certificate of Inspection

COMMONWEALTH OF MASSACHUSETTS
STATE BOARD OF AGRICULTURE

OFFICIAL CERTIFICATE No. 6.

Boston, July 30, 1907.

To Whom It May Concern:

This is to Certify that I have this thirtieth day of July, 1907, completed the inspection of the nursery stock of The New England Nurseries, Inc. grown at Bedford, State of Massachusetts, and find it to be apparently free from all injurious insects and diseases which might be transferred on nursery stock from the nursery to the orchard or garden.

(Signed) H. T. FERNALD, Inspector.

This Certificate is good until July 1st, 1908.

The New England Nurseries, Inc.

Bedford, Mass.

THEO. J. SMITH, President,
Geneva, N. Y.

A. E. ROBINSON, Treas. and Manager,
Bedford, Mass.

A WORD OF APPRECIATION

We wish to express our sincere thanks to our friends and patrons who have written kind words relative to the quality of stock and treatment they have received from us the past season. We greatly appreciate these expressions and shall endeavor to maintain a reputation justifying the same. Success in business depends upon the good will of customers.

AN INVITATION

We cordially invite all who can to visit our Nurseries. Our grounds lie along and on both sides of "The Great Road" leading from Lexington and Bedford to Concord. Electric cars marked either "Concord" or "Lowell," leaving Sullivan Square at frequent intervals, pass directly through or make connections with cars passing through our Nurseries. Visitors may also take train from North Union Station, Boston, (B. & M. R. R.) for Shady Hill Station, Bedford. This station is located in the center of our Nursery.

OUR NEW GENERAL CATALOG

We shall be pleased to mail free a copy of our New Illustrated Catalog to all who indicate a desire for it. The book contains reliable information and Planting suggestions of interest to all who have homes to beautify and gardens to plant. It also describes the trees, shrubs and plants hardy in New England. It will be mailed only upon request.

PRICES, PACKING AND DELIVERY

The articles in this list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate; and five at rate per ten. Our method of packing will be found equal to the best. Boxes and bales will be charged for at cost. We make it a point of Prompt Delivery, and the price quoted include cartage to railroad or express office. Express companies now carry trees and plants to any part of the country at a reduction of 20 per cent. from regular merchandise rates.

TERMS

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent. of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

Coniferous Evergreens

Our Nurseries at Bedford contain an exceptionally fine stock of specimen evergreens, all of which have been root pruned and several times transplanted. The trees are lifted with balls of roots, which are carefully wrapped with burlap before shipping, and we guarantee them to reach destination in perfect condition.

EVERGREENS IN TUBS AND BOXES. We have a large assortment of specimen evergreens of various sizes established in tubs and boxes, suitable for **VERANDA, HALL** and **WINDOW** decoration. These will be furnished at regular rates with the cost of tubs or boxes added.

FUMIGATION AND INSPECTION

Our nurseries are inspected twice each year by the State Entomologist, and are kept free from all insects, and pests, but in order to insure our patrons that everything is perfectly free from scale, pests, etc., we will on request fumigate any goods shipped to them.

Evergreen Shrubs

We wish to call attention especially to our stock of **BOX PLANTS**. We can offer them in all sizes either with, or without tubs or boxes.

WINTER STORAGE

We have under construction a new cold storage cellar and warehouse which when completed will be the largest of its kind in New England. Being of stone, of the latest design, and with perfect ventilation, insures the safe-keeping of all stock placed therein for winter and early spring delivery.

Ornamental Deciduous Trees

Under this head we include both upright and drooping forms of trees which shed their foliage in Winter. Our shade trees have all been several times transplanted and are as good as can be grown.

Hardy Perennial Plants

For many years the **HERBACEOUS DEPARTMENT** of our Bedford Nurseries has been famous for its large collection of hardy perennial plants. Under the new administration this department has been placed under the direct supervision of an expert who is producing great quantities of high grade stock. We make a specialty of furnishing complete lists for formal and old-fashioned gardens, and architects will find our methods of packing and handling this class of plants satisfactory in every way. The stock we offer this autumn is all field grown.

We have many new and rare novelties in Herbaceous Perennials not found in this list. You will do well to correspond with us regarding any new plant in which you are interested. The chances are that we have it.

Fruit Department

It is a well known fact that no fruit trees are propagated with any degree of success in New England. All of our fruit stock is propagated and grown at our Geneva Nurseries. The finest stock of the nursery is reserved for the New England trade, and brought here in carloads. Great care is exercised in handling this class of stock.
